Medical Provision for British Antarctic Survey

CSP25236

OPEN PROCEDURE

Bidder Guidance:

1. The “authority” or “we” or “us” means the named Contracting Authority or anyone acting for and on behalf of the Contracting Authority, that is seeking to invite suitable organisations to participate in this procurement process.
2. “You” / “Your” refers to the potential Bidder completing this standard Conditions of Participation Questionnaire i.e. the legal entity responsible for the information provided. The term “ Bidder(s) and Supplier(s)” is intended to cover any economic operator as defined by the Procurement Act 2023 and its associated regulations that apply to this procurement (referred to as the “regulations”) and could be a registered company; the lead contact for a group of economic operators; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.
3. Please ensure that all information in relation to the Conditions of Participation Questionnaire are as required contained on the CDP, prior to the bid closing date / time and any specific questions contained herein are completed in full, and in the format requested. If any question does not apply to you, please state ‘N/A’. Should you need to provide additional information in response to the questions in section 3 of this document, please submit a clearly identified annex (as requested/applicable).
4. The authority recognises that arrangements set out in section 1 &.2 on the CDP and potentially section 3 of the Conditions of Participation questionnaire contained herein, in relation to a group of economic operators (for example, a consortium) and/or use of sub-contractors, may potentially be subject to change due to say e.g. a mandatory or discretionary ground or debarment status. The lead contact should notify the authority immediately of any change in the proposed arrangements, as provided in your submission. Any failure to notify the Contracting Authority may be considered, depending upon the individual nature and circumstances of the change by the Contracting Authority, as providing misleading or false information and may lead to your bid submission being excluded from further consideration for any award.
5. It is essential that all Bidders ensure before bidding, that your entire bid proposal (Consortia / Partnership / SPV including subcontractors) does not fail the regulations test of “Debarment”, “Excluded”, “Excludable”, including Associated Persons and or

Persons of Significant Control grounds. Bidders should also refer throughout the procurement documents for additional Bidder assistance and guidance and seek formal clarification via the eSourcing platform if you are at all unsure.

The Contracting Authority may decline to consider bids (or otherwise exclude from participating in the procurement) from suppliers who are constituted or organised under the law of Russia or Belarus, or whose 'Persons of Significant Control' information states Russia or Belarus as the place of residency, unless the supplier (or any member of their supply chain they rely on to deliver the contract):

- is registered in the UK or in a country the UK has a relevant international agreement with reciprocal rights of access to public procurement; and/or
- has significant business operations in the UK or in a country the UK has a relevant international agreement with reciprocal rights of access to public procurement.

Bidder guidance: For the mandatory exclusion grounds only, you must complete the declaration for all relevant persons and entities. There are two categories of persons and entities:

- members of your administrative, management or supervisory board;
- entities and persons who have powers of representation, decision or control.

You must decide, depending on the nature and structure of the entity or person who is bidding, which entities and persons this applies to in your particular circumstances. Clearly, members of your administrative, management or supervisory board should be easily identifiable and will cover company directors (or equivalent for other types of corporate entities) and members of an executive board.

The second category of those with powers of representation, decision or control, is likely to be more complicated. As an illustration, entities or persons with 25% or more shareholding (or equivalent for other types of corporate entities) are likely to have powers or representation, decision or control, although those with a lower shareholding may still have the relevant powers depending on their particular rights. Similarly, your ultimate parent company (or equivalent for other types of corporate entities) is likely to have powers of representation, decision or control. Depending on your particular structure, intermediate parent companies who do not have a direct shareholding, directors or members of an executive board of your immediate parent company (for example in the case of an SPV set up specifically to bid for a particular contract), and holders of mortgages or liens may be covered. It isn't necessary to identify which entities and persons you think are covered but you must be satisfied that your declaration is made in respect of all of those that are covered.

Bidder Guidance: Bidders should refer to PPN 007 via the following link for more background and guidance via the following link, if you are in any doubt as to the Contracting Authorities obligations. This PPN does not affect other rights of exclusion via the Legislation associated with this procurement opportunity.

The Public Procurement Review Service that forms part of the Procurement Review Unit allows government Suppliers and potential government Suppliers to raise concerns anonymously about unfair public sector procurement practice. The government can then investigate and resolve these concerns for Contracting Authorities. To use the Public Procurement Review Service, [read the terms](#) and email publicprocurementreview@cabinetoffice.gov.uk or phone 0345 010 3503.

The Contracting Authority confirms that it will keep confidential and will not disclose to any third parties any information obtained from a named Bidders customer contact, other than to the Cabinet Office and/or Contracting Authorities obligations hereby advised herein and defined by the regulations, or pursuant to an order of the court or demand made by any competent authority or body where the authority is under a legal or regulatory obligation to make such a disclosure e.g. a Freedom of Information Request.

6.1. Qualification / Conditions of Participation Questionnaire

6.1.1. Bidders should note that the Conditions of Participation for Parts 1&2 of this procurement procedure require your organisation that intends to bid for this procurement opportunity to register its details on the CDP as a condition of participation.

Guidance on how to register and use the CDP are via the following link

[Find high value contracts in the public sector - GOV.UK](#)

Bidder guidance:

For absolute clarity a condition of participation is a mandatory requirement in order to be considered for this procurement opportunity.

Bidders must ensure that they provide as a condition of participation prior to the bid submission deadline on the CDP:

- identification of the Bidders associated person(s); and confirmation that each associated person's information, connected person(s), and exclusion grounds information has also been shared via the CDP, which may require you to provide this in a PDF format to the Contracting Authority if interoperability between the CDP and the E-Sourcing provider is not functional, at the time the procurement is run and a confirmation of the Bidders intended sub-contractors names..

Prime/main Bidders must complete the following steps prior to the bid submission deadline:

- *Register on the CDP (create a PDF if interoperability is not functional)
- submit their most up to date core Bidders information on the CDP, This includes the Bidders:
 - basic information
 - economic and financial standing information
 - connected person information
 - exclusion grounds information (this includes exclusion information about the Bidders and its connected persons)
- provide that information to the Contracting Authority via the CDP by securing a unique Identifier number / PDF submission.

*Associated persons do not need to share their economic and financial standing information (unless relied upon to meet conditions of participation related to financial capacity).

If Prime/main Bidders, intend to rely on other Bidders to meet a condition of participation, must ensure that these other Bidders submit and share their connected person and exclusion ground information via the CDP, prior to the bid submission deadline as well.

Bidders that may be consortium members or sub-contractors and, so long as they are not guarantors, they are classified as associated persons. Contracting Authorities are obliged under the procurement Act 2024 to determine if a prime/main Bidder is an excluded or excludable Bidders by virtue of an associated person being an excluded or excludable Bidder (see section 57 of the Procurement Act 2024). Collecting an associated person's relevant information via the CDP / PDF will support Contracting Authority in determining this, otherwise it will not be possible for the Contracting Authority to evaluate your bid submission. It is essential as a condition of participation that this is done prior to the bid submission deadline.

The Contracting Authority hereby advises and declares to all bidders that as a condition of participation, any organisation bidding accepts without reservation that, that for any bidders awarded a contract, certain details about connected person(s) information must be published in the contract award notice (under regulation 27).

Please note that the Contracting Authority does not have any involvement in regard to the Running and or maintenance control over the CDP, therefore any queries in regards to using this system will need to be via the Cabinet Office CDP Technical help options.

- 6.1.2. Bidders should note that the balance of the procurement opportunities specific Conditions of Participation and Specification, plus award-based questions is located within the **eSourcing Portal**.

Guidance on how to register and use the eSourcing portal is available at

<https://beisgroup.ukp.app.jaggaer.com/>

| AW5.1 | <p>Please confirm your bid submission price for completion of all the Services as detailed in the Section 4 Specification ('Fixed Annual Cost' tab (Cell F36) of AW5.2 Price Schedule.</p> <p>All prices shall be in £ GBP and exclusive of VAT.</p> |
| Bidder Guidance | <p>Bidders shall provide their bid submission price for completion of all Services as detailed in the Section 4 Specification.</p> <p>The scoring methodology for this question shall be:</p> <p>Price will be evaluated using proportionate pricing (lowest bid / bid * mark). A Bidder's score will be based on the lowest total score received divided by their total cost and then multiplied by the marks available.</p> <p>For example, if the total basket price for three bid responses is received and Bidder A has quoted £50,000 as their total price, Bidder B has quoted £80,000 and Bidder C has quoted £100,000 then the calculation will be as follows:</p> <p>(Maximum marks available in this example being 12.5)</p> <p>Bidder A Score = $50000/50000 \times 12.5 = 12.5$ Bidder B Score = $50000/80000 \times 12.5 = 7.81$ Bidder C Score = $50000/100000 \times 12.5 = 6.25$</p> <p>This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criterion, but will still be subject to a commercial review.</p> <p>The lowest score possible is 0.</p> |
