

UoS/DH/24/25/QTR4/SPSS Renewal

SPSS is a Statistical Analysis Software used across the University. It is centrally funded by Digital IT under ICGS01.

The current 4 year agreement expires on 31/05/25. With the incumbent Supplier being Version1.

We would like to take out a new 5 year agreement with fixed annual costs for the duration of the agreement.

Please contact Tony Ward with any correspondence and quotations. a.ward14@salford.ac.uk
