Site Visits

Site visits for Tenderers can be booked in by contacting jon.tighe@yorkshiredales.org.uk. YDNPA and other relevant party representatives will be present to explain the project and answer questions. All Tenderers are required to attend site visits and any questions raised will be addressed and relevant information distributed to all Tenderers after the site visit.

- 2.1 You should only complete the tender after you have read and fully understood all the contract documents
- 2.2 Once a tender has been accepted, no allowance can be made for any errors, omissions or misjudgments in tendering.
- 2.3 Bids are deemed to be inclusive of all overheads and expenses and are exclusive of VAT.
- 2.4 Before you complete the tender, please ensure that you understand clearly what the Authority's requirements are about the price base of the Contract and its duration.
- 2.5 If you have any doubt at all on how to complete the tender, please contact Jon Tighe, 01756 751655, jon.tighe@yorkshiredales.org.uk. Remember that once the tender has been submitted you will not have the opportunity to alter its contents. Once the Authority has accepted the tender, the contract will be in force for the full contract period, and you will not be able to withdraw from the arrangement without risking legal liability for breach of contract.
- 2.6 The tender must be calculated with careful reference to the contents of this Invitation to Tender, including the Specification and Contract Conditions.
- 2.7 Tenderers must submit with their tender:
 - (i) a certificate signed by their insurance company or agents to the effect that the Tenderer carries the insurance required under the Contract Conditions
 - (ii) details of three referees, two trade and one financial. The Authority will contact all referees as part of the tender evaluation process.
 - (iii) if a Tenderer is an agent, details of its principal.

Compliance with Tender Documents

- 2.8 Tenders made must be in accordance with all the contract documentation and no changes should be made. Similarly, tenders must not be accompanied by statements making the tender qualified in any way.
- 2.9 If a Tenderer wishes to make an alternative tender (i.e. a tender which is not fully compliant with the Authority's requirements) it may do so if (and only if) a fully compliant tender is also submitted. Tenderers also should note that tenders are being sought on the basis of the Contract Conditions included in this Invitation to Tender. The Authority will not consider a tender which does not comply with its requirement by, for example, being made on the basis of the Tenderers own 'standard conditions' except where these are expressly included as part of an alternative tender.
- 2.10 By submitting a Tender, Tenderers are agreeing to be bound by the terms of this invitation to tender and the Contract Conditions without further negotiation or amendment. If, and only if, the terms of the Contract Conditions render the proposals in the Tenderer's Tender unworkable, the Tenderer should submit a clarification in accordance with Paragraph 2.14 and the Authority will consider whether any amendment to the Contract Conditions are required. Any amendments agreed by the Authority shall be published and shall apply to all Tenderers. Any amendments which are proposed, but not approved by the Authority through this process, will not be acceptable and may be construed as a rejection of the terms leading to the disqualification of the Tender.
- 2.11 Tenderers must complete and sign the Tender Form (**Section 3**). **Where a Tenderer is an individual, the Tender Form must be signed by that individual; where the Tenderer is a**

partnership the Tender Form must be signed by two authorised partners, and where a Tenderer is a company, two directors or a director and secretary should sign the Tender Form. All signatories must be authorised to sign on the Tenderer's behalf.

The tender envelope and its franking must not bear any indication of the Tenderer's identity, and the envelope must only be marked "TENDER FOR SOLAR BATTERIES AT THE DALES COUNTRYSIDE MUSEUM, COLVEND OFFICE AND YOREDALE OFFICE 28 AUGUST 2025". The deadline date for submitting tenders is 12 noon on 28 August 2025.

Clarifications

- 2.14 Any clarifications relating to the contract documents should be addressed to the Authority at the contact details as shown on the front cover page of this Invitation to Tender.
- (a) If the Authority considers any question or request for clarification to be of material significance, both the question and the response will be communicated, in a suitably anonymous form, to all Tenderers. Tenderers are wholly responsible for reading messages issued by the Authority in a timely manner.
- (b) If a Tenderer wishes the Authority to treat a clarification as confidential and not issue the response to all Tenderers, it must state this when submitting the clarification. If in the opinion of the Authority, the clarification is not confidential, the Authority will inform the Tenderer, who will have an opportunity to withdraw it. If the clarification is not withdrawn, the response will be published to all Tenderers in an anonymous form.
- 2.15 The Authority reserves the right (but is not obliged) to seek clarification of any aspect of a Tenderer's Tender during the evaluation phase where necessary for the purposes of carrying out a fair evaluation. Tenderers are asked to respond to such requests promptly. Vague or ambiguous answers are likely to score poorly or render the Tender non-compliant.

Contract award

- 2.16 The Authority may award a Contract on the basis of a Tender submitted in accordance with this Invitation to Tender. The Contract award is subject to the formal approval process of the Authority
- 2.17 Once the Authority has reached a decision in respect of a contract award, it will notify all bidders of that decision.

Conflicts of interest

- 2.18 Tenderers are responsible for ensuring no conflicts of interest exist between the Tenderer, their advisers and their respective staff, and the Authority, its advisers and their respective staff. Any Tenderer who fails to comply with this requirement may be disqualified from the procurement at the discretion of the Authority. If any conflict of interest or potential conflict of interest between the Tenderer, their advisers, the Authority, the Authority's advisers, or any combination thereof becomes apparent to the Tenderer, they shall inform the Authority immediately. In such circumstances, the Authority shall, at its sole, explicit, and absolute discretion, decide on the appropriate course of action. If the Authority becomes aware of any conflict of interest that a Tenderer has not declared to the Authority, they may be disqualified from the procurement process.

For the avoidance of doubt, the Contractor’s sole and exclusive remedy for any delay to the progress of the Works or any additional costs or expenses arising directly or indirectly in relation to compliance by the Contractor with this Agreement shall be pursuant to this clause 4.1 and the Contractor shall have no entitlement to any additional cost, damage, loss and expense or any other increase in the Contract Sum.

The Authority may deduct the Liquidated Damages referred to in this clause from any sum due to the Contractor under this Agreement (providing a notice of deduction has been given) or recover those damages from the Contractor as a debt.
- 4.3 The following are Relevant Events referred to in clause 4.1, except to the extent any such event is caused or contributed to by any default, whether by act or omission, of the Contractor or any person engaged by the Contractor:

 - 4.3.9 force majeure.
- 4.4 Notwithstanding any other provision of this Agreement, the Contractor shall not become entitled to any extension of time for completion of the Works or any part of the Works on account of any circumstance arising by reason of any error, omission, negligence or default of the Contractor or of any of the Contractor's sub-contractors or suppliers or of any of their employees or agents.

5.0 Completion

- 5.1 The Contract Administrator shall certify the date when in their opinion the Works have reached practical completion and the Contractor has complied sufficiently with its obligations in this Agreement, save for any minor items of any incomplete works or minor defects the existence, completion or rectification of which will not prevent or interfere with the use and enjoyment of the Works and any such items shall be made good by the Contractor within the timeframe specified by the Authority or, if no timeframe is specified, within 14 days. If the Contractor fails to comply with its obligations under this clause 5.1, the Authority may apply its rights and remedies in clause 6.4.

The cost of these works together with the reasonable additional fees of the Contract Administrator will be deducted from any monies otherwise due to the Contractor by the Authority under this Agreement or any other agreement entered between the Contractor and the Authority, and any shortfall shall be due to the Authority from the Contractor as a debt.
