- 1.2. This procurement is predominately for the provision of taxis for home to school for Special Education Needs (SEN) children. These are children with a difficulty or disability which makes learning harder for them than for other children their age.

2. ORDERS

- 2.1. Orders will be placed by the Passenger Transport Service via the routing and scheduling system (currently Trapeze), which will include an official order number (to be quoted on all invoices). The price on the orders will either be based on the contracted mileage rate multiplied by the miles (with any agreed charges taken into consideration such as minimum charges) calculated through Trapeze or based on the result of the call for competition price where appropriate.
- 2.2. The Passenger Transport Service may specify size and type of vehicle required.
- 2.3. The orders generally will be placed for the academic year unless otherwise stated.
- 2.4. The Council will inform the provider whether an escort is required and whether the Council or the provider provides the escorts.

3. PRIOR TO JOURNEY

- 3.1. The Passenger Transport Service will be responsible for routing and scheduling (with the exception of any routes that have been awarded through the call for competition). From time-to-time passengers are discharged, new passengers are admitted, and passengers change their addresses. Individual passenger journey requirements and trip details will be shown on Trapeze generated purchase orders. No additional passengers are to be transported without agreement from the Passenger Transport Service. Where the Passenger Transport Service has routed based on the agreed mileage rates, then the Council will only pay the calculated amount based on the Trapeze generated route – there may be instances where these routes must not be deviated from for example health reasons. Drivers/Providers must not insert additional stops nor make any regular deviation from the route, other than for reasons of adverse road conditions or temporary road closures, unless prior permission is sought from the Council and approved. The Passenger Transport Service must be made aware of any deviations within 24 hours where there is a cost implication and will need to give approval for any additional costs.
- 3.2. In the case of children and vulnerable adults the Passenger Transport Service will notify the parent/carer of approximate pick-up times prior to the start of the transport arrangement and to have the child/vulnerable adult ready when the vehicle arrives. There may be instances where Providers will be required to advise parents/carers of approximate times of pick-up as and when the Council has agreed and approved that the Provider routes the journey.

4. RECORDS AND PROCESSES

- 4.1. The Provider will need to maintain a list of approved drivers/escorts that can cover for sickness absence and must notify the Council of any additions/deletions in vehicles, drivers or escorts before they undertake work. Any licences revoked/suspended must be communicated to the Passenger Transport Service immediately;
- 4.2. The Provider must carry out the necessary checks to be satisfied that the Drivers, Escorts (where sourced by the Provider) and vehicles meet the requirements within this document;

- 4.3. The Provider must ensure all Drivers and Escorts (where sourced by the Provider) are fully aware of their responsibilities within this document and Framework Agreement;
- 4.4. The Provider must, in a bound book or other approved system, enter or cause to be entered therein, before the start of each journey, the following particulars of every journey;

Schedule 9 PROCESS FOR RE-OPENING OF FRAMEWORK AGREEMENT

The Initial Term of the Open Framework (as regulated by the Procurement Act) will be for the period of twelve (12) months from commencement. The Open Framework will be subject to reopening events annually from commencement to a maximum term of four (4) years.

Re-opening events will be published via the Central Digital Platform with the publication of a new Tender Notice (UK4) and via the Council's e-tendering platform. The re-opening events will be published annually in May, with awards made by the expiry date of the previous Framework Agreement.

Any Framework Provider entering onto the Open Framework for any year subsequent to the Initial Term will be required to enter into a new Framework Agreement with the Authority.

In accordance with Section 49(5) Open Frameworks of the Procurement Act 2023, when the Authority reopens the Open Framework to invite new suppliers, incumbent Framework Providers may be awarded a place on the subsequent Open Framework by reference to either:

- A tender relating to an earlier award of a framework under the scheme, or
- A tender relating to the current (reopening) award.

The Authority will engage with incumbent Framework Providers to understand on which basis they wish to participate, and the Framework Providers will be required to formally declare in writing on what basis they wish to participate in the reopening exercise.

Tenders received following a reopening event will be assessed in accordance with the methodology set out in the associated tender document Part 1 - Information Pack initially published on 12 May 2025, at "5. Evaluation and Award Process" and below and may result in Framework Providers that had previously been awarded Framework Agreement(s) not being awarded subsequent Framework Agreements.

Evaluation of Tenders for re-opening events

Evaluation Criteria

The evaluation process for re-opening events will be carried out in 2 stages:

Stage 1 - Conditions of Participation

The Procurement Act 2023 lists acceptable reasons for public bodies to consider your organisation's participation in this procurement ineligible:

- Section 19 - Award of public contracts following a competitive tendering procedure
- Section 26 - Excluding suppliers from a competitive award
- Section 27 - Excluding suppliers from a competitive flexible procedure
- Section 28 - Excluding suppliers by reference to sub-contractors
- Section 29 - Excluding a supplier that is a threat to national security
- Section 30 - Excluding suppliers for improper behaviour
- Schedule 6 - Mandatory Exclusion Grounds
- Schedule 7 - Discretionary Exclusion Grounds

For the purposes of this procurement, you will not be eligible if your organisation is in breach of this Sections/Schedules, unless the Council decides that it is in its general interest to consider you eligible. Eligibility in this instance is at the sole discretion of the Council.

There will be mandatory requirements and/or minimum standards (pass/fail criteria), of which failure to pass these will result in an invalid tender. Failure to meet the mandatory requirements, as detailed below, will exclude you from this procurement. Only tenderers that meet the mandatory requirements will be taken forward for full tender evaluation. Tenders who fail to meet the mandatory requirements will be disqualified from the tender process.

The Council reserves the right to reject an offer from a tenderer for the sole reason that the amounts which the tenderer proposes to charge are abnormally low, regardless of the other merits of that offer. If a tender appears to be low the Council is required to follow the process in Section 19 of the Procurement Act 2023.

The evaluation panel for this stage will consist of the Procurement Lead and where appropriate parts of this evaluation such as the 'Economic and Financial Standing' may be undertaken by other Council Officers e.g., an Accountant. The panel members may evaluate different sections of the tender dependent on their expertise but will be consistent in evaluating the same criteria for all tender submissions.

Only bidders passing all the Conditions of Participation will be considered for Stage 2.

Stage 2 - Award Criteria

All responses (which have passed the Stage 1 - Conditions of Participation) will be assessed against the Stage 2 - Award Criteria.

In line with Procurement Act 2023, Stage 2 of the evaluation process will be evaluated and awarded using a method known as Most Advantageous Tender (MAT), i.e., tenders may be evaluated and awarded based on non-cost as well as cost factors. Where enhanced standards are considered, they will be weighted alongside all the evaluation criteria and scored accordingly.

The evaluation panel for this stage will consist of a minimum of two Council officers for the quality questions. However, the panel members may evaluate different sections of the tender dependent on their expertise but will be consistent in evaluating the same criteria for all tender submissions. The Procurement Lead will evaluate the Net Price responses.

Evaluating officers will first consider if a tender is compliant and that instructions in the Associated Tender Document(s) have been followed. If this is not the case, then the Council will consider whether the tender should be excluded. If excluded the tenderer's submission will not be considered any further and will be excluded from the rest of the process.

Scores are determined following the application of the Award Criteria (set out below) to the tenderer's submission. Evaluating officers can only evaluate based on the information provided to them in the tender submission.

Any tenderers not meeting the specified minimum consensus score (if applicable) in Stage 2 may be disqualified. If disqualified, the tenderer's submission will not be considered any further and will be excluded from the rest of the process.

| Award Criteria | Sub-Criteria | Weighting |
|------------------------------------|----------------------------|--------------------|
| Conditions of Participation | | Pass / Fail |
