The response will have made clear how their proposal relates directly to the requirements and is specific, rather than general, in the way proposed solutions will deliver the desired outcomes.
4	Good	A good response submitted in terms of detail and relevance that meets the requirements without significant negative implications or inconsistencies. The Supplier demonstrates the understanding of the requirement and evidence of their ability and / or proposed methodology to deliver the requirements. There would be concerns that the approach would require intervention or create ongoing issues in delivery of the requirements. Not sufficient evidence has been provided to suggest how the requirements will be met. Parts of the response is vague with little or no detail and evidence given on how to meet requirements. Evidence provided is considered weak or is unclear on how this relates to the requirements.

Commercial / Price Assessment

- 3.42 The Pricing Document contains the details and requirements relating to the price element of this Tender. This may include, but is not limited to, the inclusion of specific instructions, documents, templates, pricing structures, etc for the Supplier's to return as part of their response.
- 3.43 Price shall be evaluated using the following scoring methodology, with the Tenderer's prices being scored on a comparative basis. For example:
- 3.44 This will be done by recording the lowest price submitted by any of the Tenderers, then for each Tenderer, dividing this lowest price by the Tenderers' price and then multiplying it by the allocated weighting. The equation set out below explains this in a simpler way:
- 3.45 $(\text{Lowest Price} \div \text{Tenderer's price}) \times \text{Weighting} = \text{Score}$
- 3.46 To accompany the above there is a worked example below to help explain this. The example assumes only 3 prices were submitted and that price was awarded 60% of the overall marks (i.e. quality 40%). Figures shown are purely illustrative:

ABOVE THRESHOLD INVITATION TO TENDER (OPEN PROCEDURE)

	L	W	Tenderer 1		Tenderer 2		Tenderer 3	
Evaluation Elements	Lowest Submitted price (£)	Weighting %	Tendered Price	Score	Tendered Price	Score	Tendered Price	Score

Sub-Criteria – Stage 3 to 7 (Based on estimated construction sum) 70%	£410,000	(70%)	£472,000	60.80%	£410,000	70%	£492,000	58.33%

Total Score (30% overall weighting)		30%		27.24%		29.34%		25.32%

3.47 These scores would be added to the quality scores for the individual suppliers in this example Tenderer 1 being the preferred supplier to be awarded the contract.

- 3.52 Only those Suppliers who are within 15% of the initially top ranked Supplier from the initial moderation of scores will be taken forward to the presentation stage.

- 4.19. Any attempt by a Supplier or their advisers to influence the Procurement in any way may result in the exclusion of the Supplier, without prejudice to any other civil or legal remedies available to the Council and without prejudice to any criminal liability that such conduct by a Supplier may attract.
- 4.20. Specifically, Suppliers must not directly or indirectly at any time:

The supporting information must be provided as separate attachments and submitted via the details provided. The supporting information must be listed/attached in the same order as it is cross-referenced in the numbered method statements and the cross-reference must identify the specific information within the supporting document which is being relied on to support the substantive response. Supporting information which is not cross-referenced in a method statement response will not be considered. Where word limits are applicable to a question, these do not include the supporting information itself (certificates etc.) but the cross-references to the supporting material within the method statement response will count towards the word limit. Diagrams, pictures and charts embedded into the method statement response may include words but only to the extent that those words are necessary to enable the assessment panel to understand or interpret the diagram, picture etc. The inclusion of any words within diagrams, pictures etc. which go beyond what is strictly necessary to enable the assessment panel to understand the diagram, picture etc. will be disregarded for the purpose of the evaluation of a Supplier’s substantive response to the method statement. The referenced supporting information and any diagrams, pictures etc. embedded in the method statement itself must only support the substantive response to the method statement question and not provide the answer by its content. Where word limits are applicable to a question, any words found to be over the limit will not be assessed.
- 5.4. Suppliers must make sure that they answer what is being asked. Anything that is not directly relevant to the particular question should not be included.
- 5.5. Suppliers should also make sure that their answers inform not just what they have or will do, but how they did it or will do it, and what their proposed timescales are (as relevant) supported by examples or evidence to support the responses as appropriate.
- 5.6. Please do not cross reference for other responses or information as each question will be assessed individually, one by one in order.

ABOVE THRESHOLD INVITATION TO TENDER (OPEN PROCEDURE)

- 5.22. The Supplier shall have no claim whatsoever against the Council in respect of such matters and in particular (but without limitation) in respect of the contract by reason of the specification being different to that envisaged by the Supplier or otherwise.

The Council does not make any representation or warranty (express or implied) with respect to the information contained in the Tender Pack or with respect to any written or oral information made or to be made available to any Supplier or its professional advisors.
- 5.24. Each Supplier who downloads the Tender Pack must make its own independent assessment of the proposed terms after making such investigation and taking such professional advice as it deems necessary to determine its interest in the Agreement.

ABOVE THRESHOLD INVITATION TO TENDER (OPEN PROCEDURE)

Consortia Arrangements

- 5.28. The Council recognises the opportunity for organisations/businesses to form consortia for the purposes of Tendering.
- 5.29. The Council is unable to provide any advice to organisations/businesses on the forming and setting up of consortia and therefore your business/organisation should instead seek (where appropriate) its own independent advice on this matter.
- 5.30. The Council may require further evidence regarding the structure and operation of your proposed consortium arrangements. This may include but not necessarily be limited to joint working agreements, memorandum of understanding, and governance arrangements. Failure to provide this evidence, when asked, may lead to your submission being excluded.

- 5.32. In the case of all other forms of consortia which are not jointly and severally liable, the Council will require evidence/information from each of the relevant consortium members relating to all questions in this questionnaire with the exception of Financial Standing. In this instance, the only financial information which will be assessed will be that relating to the organisation/business which directly contracts with the Council (i.e. the lead organisation). The Council may also require a further guarantee such as a parent company guarantee or commitment to obtain a performance bond from that lead organisation. In some instances a collateral warranty may be requested from all or some consortium members, particularly where a consortium member is delivering a significant/fundamental part of the contract.
- 5.33. It is recognised that arrangements in relation to consortia may be subject to future change. Your response should reflect the arrangements as they are currently

ABOVE THRESHOLD INVITATION TO TENDER (OPEN PROCEDURE)

The Council will review and consider the changes and will assess what impact this has on your submission (i.e. questionnaire or Tender). Please note that the Council reserves the right to exclude your questionnaire/Tender submission at any stage during a Tender process based on these changes.

Intellectual Property Rights

- 5.34. Intellectual property rights (IPR) to original ideas, designs, concepts or plans contained in any document, plan, specification, drawing or design submitted in response to this process will vest with the Council unless copyright is claimed prior to submission of such materials to the Council.

Tie Breaker

- 5.35. In the event of a tied score of two or more Suppliers following the assessment of the tenders then the award of the preferred Supplier will be based on the most competitive price received, that being the lowest total price of the bids returned
- 5.36. In the event that lowest total price is not a determining factor around the tie, then the scores will be based on the highest individually weighted method statement for the quality assessment, where there is more than one method statement which has a same weighting then it will be the combined scores of those method statements with that weighting.
