

Grounds Maintenance - Country Park, Public Open Spaces and Green Spaces

Supplementary Information

Cranbrook Town Council is pleased to provide the following additional information:

The estimated length of hedgerows in Cranbrook on 6 August 2025 is 8,000m. Over the contract period from 1 April 2026 until 31 March 2029 that length is planned to increase. However, the Town Council is not responsible for the deliver of additional development across the town and is therefore unable to advise regarding timescales and additional length of hedges.

The areas which include amenity grass cuts **in the Country Park** are set out below. These areas are separate from areas of in-parcel public open spaces (e.g. St Martin's, Hayes Square, Platinum Park etc) and verges.

Grounds Maintenance Metreage		
Location	Spec	Length
Long Meadow	Paths (of which require 1m either side amenity cut)	2383m
	Amenity Space areas	17,629m ²
Stone Meadow	Paths (of which require 1m either side amenity cut)	1700m
	Amenity Space areas	10,0000m ²
Great Meadow	Paths (of which require 1m either side amenity cut)	1300m
