Introduction

Bidders should note that the bid response evaluation questionnaire Part 3 is located within the **eSourcing portal**. **Parts 1&2 are per your own submission onto the Governments Digital Platform (CDP) which may require you to provide this in a PDF format to the Contracting Authority if interoperability between the CDP and the E-Sourcing provider is not functional, at the time the procurement is run.**

Guidance on how to register and use the eSourcing portal is available at <https://beisgroup.ukp.app.jaggaer.com/>

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

CSP25042 - Advanced CI Training and Certification

Bidder Guidance:

1. The “authority” or “we” or “us” means the named Contracting Authority or anyone acting for and on behalf of the Contracting Authority, that is seeking to invite suitable organisations to participate in this procurement process.
2. “You” / “Your” refers to the potential Bidder completing this standard Conditions of Participation Questionnaire i.e. the legal entity responsible for the information provided. The term “ Bidder(s) and Supplier(s)” is intended to cover any economic operator as defined by the Procurement Act 2023 and its associated regulations that apply to this procurement (referred to as the “regulations”) and could be a registered company; the lead contact for a group of economic operators; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.
3. Please ensure that all information in relation to the Conditions of Participation Questionnaire are as required contained on the CDP, prior to the bid closing date / time and any specific questions contained herein are completed in full, and in the format requested. If any question does not apply to you, please state ‘N/A’. Should you need to provide additional information in response to the questions in section 3 of this document, please submit a clearly identified annex (as requested/applicable).
4. The authority recognises that arrangements set out in section 1 &.2 on the CDP and potentially section 3 of the Conditions of Participation questionnaire contained herein, in relation to a group of economic operators (for example, a consortium) and/or use of sub-contractors, may potentially be subject to change due to say e.g. a mandatory or discretionary ground or debarment status. The lead contact should notify the authority immediately of any change in the proposed arrangements, as provided in your submission. Any failure to notify the Contracting Authority may be considered, depending upon the individual nature and circumstances of the change by the Contracting Authority, as providing misleading or false information and may lead to your bid submission being excluded from further consideration for any award.
5. It is essential that all Bidders ensure before bidding, that your entire bid proposal (Consortia / Partnership / SPV including subcontractors) does not fail the regulations test of “Debarment”, “Excluded”, “Excludable”, including Associated Persons and or Persons of Significant Control grounds. Bidders should also refer throughout the procurement documents for additional Bidder assistance and guidance and seek formal clarification via the eSourcing platform if you are at all unsure.

The Contracting Authority may decline to consider bids (or otherwise exclude from participating in the procurement) from suppliers who are constituted or organised under the law of Russia or Belarus, or whose 'Persons of Significant Control' information states Russia or Belarus as the place of residency, unless the supplier (or any member of their supply chain they rely on to deliver the contract):

- is registered in the UK or in a country the UK has a relevant international agreement with reciprocal rights of access to public procurement; and/or
- has significant business operations in the UK or in a country the UK has a relevant international agreement with reciprocal rights of access to public procurement.

Bidder guidance: For the mandatory exclusion grounds only, you must complete the declaration for all relevant persons and entities. There are two categories of persons and entities:

- members of your administrative, management or supervisory board;
- entities and persons who have powers of representation, decision or control.

You must decide, depending on the nature and structure of the entity or person who is bidding, which entities and persons this applies to in your particular circumstances. Clearly, members of your administrative, management or supervisory board should be easily identifiable and will cover company directors (or equivalent for other types of corporate entities) and members of an executive board.

The second category of those with powers of representation, decision or control, is likely to be more complicated. As an illustration, entities or persons with 25% or more shareholding (or equivalent for other types of corporate entities) are likely to have powers or representation, decision or control, although those with a lower shareholding may still have the relevant powers depending on their particular rights. Similarly, your ultimate parent company (or equivalent for other types of corporate entities) is likely to have powers of representation, decision or control. Depending on your particular structure, intermediate parent companies who do not have a direct shareholding, directors or members of an executive board of your immediate parent company (for example in the case of an SPV set up specifically to bid for a particular contract), and holders of mortgages or liens may be covered. It isn't necessary to identify which entities and persons you think are covered but you must be satisfied that your declaration is made in respect of all of those that are covered.

Bidder Guidance: Bidders should refer to PPN 007 via the following link for more background and guidance via the following link, if you are in any doubt as to the Contracting Authorities obligations. This PPN does not affect other rights of exclusion via the Legislation associated with this procurement opportunity.

The Public Procurement Review Service that forms part of the Procurement Review Unit allows government Suppliers and potential government Suppliers to raise concerns anonymously about unfair public sector procurement practice. The government can then investigate and resolve these concerns for Contracting Authorities. The Contracting Authority confirms that it will keep confidential and will not disclose to any third parties any information obtained from a named Bidders customer contact, other than to the Cabinet Office and/or Contracting Authorities obligations hereby advised herein and

defined by the regulations, or pursuant to an order of the court or demand made by any competent authority or body where the authority is under a legal or regulatory obligation to make such a disclosure e.g. a Freedom of Information Request.

6.1. Qualification / Conditions of Participation Questionnaire

6.1.1. Bidders should note that the Conditions of Participation for Parts 1&2 of this procurement procedure require your organisation that intends to bid for this procurement opportunity to register its details on the CDP as a condition of participation.

Guidance on how to register and use the CDP are via the following link

[Find high value contracts in the public sector - GOV.UK](#)

Bidder guidance:

For absolute clarity a condition of participation is a mandatory requirement in order to be considered for this procurement opportunity.

Bidders must ensure that they provide as a condition of participation prior to the bid submission deadline on the CDP:

- identification of the Bidders associated person(s); and confirmation that each associated person's information, connected person(s), and exclusion grounds information has also been shared via the CDP, which may require you to provide this in a PDF format to the Contracting Authority if interoperability between the CDP and the E-Sourcing provider is not functional, at the time the procurement is run and a confirmation of the Bidders intended sub-contractors names..

Prime/main Bidders must complete the following steps prior to the bid submission deadline:

- *Register on the CDP (create a PDF if interoperability is not functional)
- submit their most up to date core Bidders information on the CDP, This includes the Bidders:
 - basic information
 - connected person information
 - exclusion grounds information (this includes exclusion information about the Bidders and its connected persons)
- provide that information to the Contracting Authority via the CDP by securing a unique Identifier number / PDF submission.

*Associated persons do not need to share their economic and financial standing information (unless relied upon to meet conditions of participation related to financial capacity).

If Prime/main Bidders, intend to rely on other Bidders to meet a condition of participation, must ensure that these other Bidders submit and share their connected person and exclusion ground information via the CDP, prior to the bid submission deadline as well.

Bidders that may be consortium members or sub-contractors and, so long as they are not guarantors, they are classified as associated persons. Contracting Authorities are obliged under the procurement Act 2024 to determine if a prime/main Bidder is an excluded or excludable Bidders by virtue of an associated person being an excluded or excludable Bidder (see section 57 of the Procurement Act 2024). Collecting an associated person's relevant

information via the CDP / PDF will support Contracting Authority in determining this, otherwise it will not be possible for the Contracting Authority to evaluate your bid submission. It is essential as a condition of participation that this is done prior to the bid submission deadline.

The Contracting Authority hereby advises and declares to all bidders that as a condition of participation, any organisation bidding accepts without reservation that, that for any bidders awarded a contract, certain details about connected person(s) information must be published in the contract award notice (under regulation 27).

Please note that the Contracting Authority does not have any involvement in regard to the Running and or maintenance control over the CDP, therefore any queries in regards to using this system will need to be via the Cabinet Office CDP Technical help options.

6.1.2. Bidders should note that the balance of the procurement opportunities specific Conditions of Participation and Specification, plus award-based questions is located within the **eSourcing Portal**.

Guidance on how to register and use the eSourcing portal is available at

<https://beisgroup.ukp.app.jaggaer.com/>

PLEASE NOTE QUESTIONS ARE NOT ALWAYS NUMBERED SEQUENTIALLY

Parts 1&2 (Conditions of Participation Questionnaire) – CDP

This information will be accessed by the Contracting Authority via your organisations unique identifier number through our eSourcing provider against your submission on the CDP / PDF if interoperability between the CDP and the E-sourcing providers portal. Bidders are reminded that it is the organisations responsibility to ensure that the information provided is accurate, up to date and factually correct. Bidders must ensure that the questions are all answered in **full**. Note that every organisation that is being relied on to meet the Conditions of Participation stage shall complete Parts 1 and Part 2 (self-declaration) under the Conditions of Participation Questionnaire as applicable to your organisations structure in bidding this procurement opportunity.

Bidders are required to ensure that they read thoroughly these RFP and RFPQ documents complete with the specification and outcome sought by the Contracting Authority, prior to making your bid submission. If your organisation is in any doubt about what to provide in Parts 1& 2 or you are experiencing technical issues completing this aspect, then this will need to be discussed with the CDP technical help team, not the Contracting Authority nor the eSourcing provider.

Part 3 (Conditions of Participation Questionnaire) – eSourcing Provider

In regard to part 3 of the Conditions of Participation Questionnaire, if your organisation is in any doubt about what to provide in Part 3, or indeed a general question with regards to the outcome sought, then please ensure that you seek a formal clarification with the Contracting Authority, via the eSourcing platform.

If you are experiencing technical issues completing section 3 or any other part of this RFP and RFPQ, please refer to the eSourcing providers help section and contact details in the RFP document. Please do not contact the Contracting Authority in regard to technical assistance in utilising the eSourcing platform.

If any Bidder is found to be an Excluded or Excludable Bidder or non-compliant with any of the Mandatory or Discretionary Grounds, that cannot be remedied to the satisfaction of the Contracting Authority e.g. self-cleaning grounds or an appeal in regard to Debarment, then this shall result in exclusion from further consideration and or any potential award of contract under this procedure. This paragraph nor the RFP are exhaustive in regard to the rights of the Contracting Authority may use under the regulations and ministerial advice and guidance via the Cabinet Office as amended from time to time, that apply to this procurement in regard to the rights to exclude any Bidder.

Associated persons do not need to share their economic and financial standing information (unless relied upon to meet conditions of participation related to financial capacity).

If any Bidder is found to be on the Cabinet Offices PRU unit Debarment list, then this shall result in exclusion from further consideration and or any potential award of contract under this procedure.

The CA can waive Debarment exclusion but would have to have to rely on PA2023 and TPR2024 grounds to do so, that would need to be spectacular and would naturally carry a significant risk if the grounds were not absolute, this would need to be agreed with the CA before launch the default is leave in unless otherwise formally instructed by the CA

For additional Bidder assistance and guidance in regard to the completion and bidding process under this RFP and RFPQ, please refer to the procurement documents provided.

Bidder guidance If you are in doubt as to how to answer any question in the procurement documents, please ensure that you seek a formal clarification with the Contracting Authority via the eSourcing portal.

Any reference to “Bidder(s)”, organisation(s) shall mean those named, providing a Bid submission in this procurement procedure.

The UK Government has introduced financial and investment sanctions aimed at encouraging Russia to cease actions which destabilise Ukraine.</p> <p>The revised PPN 007 again requires the Contracting Authority to decline to consider (or otherwise exclude from participating in the procurement) bids from suppliers (or their sub-contractors) who are constituted or organised under the law of Russia or Belarus, or whose 'Persons of Significant Control' information states Russia or Belarus as the place of residency or where materials in the supply chain originate from those states in accordance with Procurement Policy Note PPN 007.</p> <p>Unless exceptions within the PPN apply, the Contracting Authority may exclude from this competition any tenders that are deemed from suppliers (including any subcontractors) who are constituted or organised under the law of Russia or Belarus, or whose 'Persons of Significant Control' information states Russia or Belarus as the place of residency; or materials within the supply chain originate from those states.</p> <p>Question 1- Please confirm if the country or territory of origin of any supplies to be used within the supply chain for this contract opportunity is the Russian Federation or the Republic of Belarus.</p> <p>Question 2- Please confirm if your own (or your subcontractors) location of business activities or interests of a contractor is constituted or organised under the law of Russia or Belarus, or whose 'Persons of Significant Control' information states Russia or Belarus as the place of residency</p> <p>If you answer Yes to either of the questions above, then you must clearly set out in your attachment provided, why you believe one of the exceptions within PPN 007 apply.</p>

This statement of No for each question will achieve a Pass</p> <p>A failure to provide a Yes or No upload response may result in your exclusion from further consideration under this procurement.</p>
