- 2.2 The Parties acknowledge and agree that the Framework Agreement is subject to the Open Framework Mechanism.

3. Scope of Framework Agreement

- 3.1 This Framework Agreement governs the relationship between the Authority and the Supplier in respect of the provision of the Services by the Supplier to the Authority.
- 3.2 The Authority appoints the Supplier as a Framework Provider of the Services and the Supplier shall be eligible to receive Orders for such Services from the Authority during the Term.
- 3.3 The Authority may at their absolute discretion and from time to time order Services from the Supplier in accordance with the ordering procedure set out in clause 4 during the Term. If there is a conflict between clause 4 and the Procurement Act 2023, the Procurement Act 2023 shall take precedence.
- 3.4 If and to the extent that any Services under this Framework Agreement are required, the Authority shall comply with the ordering procedure in clause 4.
- 3.5 The Supplier acknowledges that, in entering this Framework Agreement, no form of exclusivity or volume guarantee has been granted by the Authority for the Services and that the Authority is at all times entitled to enter into other contracts and arrangements with other suppliers for the provision of any or all services which are the same as or similar to the Services.

4. Award procedures

Awards under the Framework Agreement

- 4.1 If the Authority decides to source Services through the Framework Agreement then it may:

- (a) satisfy its requirements for the Emergency Services by awarding a Contract in accordance with the terms laid down in this Framework Agreement without re-opening competition in accordance with the requirements of clause 4.2; or
- (b) satisfy its requirements for Competed Services by awarding a Contract following a mini-competition conducted in accordance with the requirements of clause 4.3.

Emergency Services (awards without re-opening competition)

- 4.2 A Contract shall be directly awarded to the highest ranked Supplier as set out in Schedule 10 of this Framework Agreement (Framework Supplier Rankings) who can meet the specific requirement where:
- (a) the Services (route) to be supplied under the Contract are strictly necessary for reasons of extreme and unavoidable urgency; and
 - (b) the Contract (route) cannot be awarded based on a mini-competition.
 - (c) for the avoidance of doubt, an urgency is unavoidable as set out in clause 4.2(a) if it is not attributable to any act or omission of the Authority and could not have been foreseen by the Authority.
 - (d) for the avoidance of doubt, in the event the highest ranked Supplier is unable to meet the specific requirement, the Authority shall approach the next highest ranked Supplier until the specific requirement is met.

Competed Services (awards following mini-competitions)

- 4.3 If the Authority orders Competed Services under the Framework Agreement it:
- (a) may circulate a full specification to all the Suppliers on the framework;
 - (b) will provide the Suppliers with a set period in which to submit their responses referred to as the Supplemental Tender for delivering the specific requirements as set out in the circulated specification;
 - (c) will issue the Competed Services Award Criteria which will be used to award scores to the Suppliers' responses which can be either price or both price and quality; and
 - (d) will evaluate the submissions by the Providers and then place the Order with the Supplier that has the highest score or lowest price, subject to clause 4.9 below.

In the event the Competed Services Award Criteria is both price and quality, then the price weighting shall range between 30% to 70% and the quality weighting shall range between 30% to 70%.

- 4.4 In the event the award is to be based on price only, if two or more bids received are within a maximum of £15 per day of each other, the Authority reserves the right not to allocate the route to the lowest bid. The Authority may then allocate the award based on the order of priority as follows:
- (a) reasonable distribution of routes among Suppliers
 - (b) age of vehicle – newer vehicles preferred
 - (c) fuel type – electric preferred over hybrid, hybrid preferred over petrol, petrol preferred over diesel
- 4.5 Not Used.
- 4.6 The Supplier agrees that all Supplemental Tenders submitted by the Supplier in relation to a mini-competition held pursuant to this clause 4 shall remain open for acceptance for 30 days (or such other period specified in the invitation to tender issued by the Authority in accordance with this clause 4).
- 4.7 Notwithstanding the fact that the Authority has followed the procedure set out above for Competed Services, the Authority may cancel, postpone, delay or end the procedure without placing an Order for Services or awarding a Contract. Nothing in this Framework Agreement shall oblige the Authority to place any Order for Services.
- 4.8 The Authority may supplement and refine the terms of the Contract only to the extent permitted by and in accordance with the requirements of the Procurement Act 2023 when awarding both Emergency Services and Competed Services.

Form of Order

- 4.9 Following the decision to award to a Supplier pursuant to clause 4.1 to 4.8, the Authority may place an Order with the Supplier.

Accepting and declining Orders

- 4.10 Following receipt of an Order, the Supplier shall promptly and in any event within a reasonable period determined by the Authority and notified to the Supplier in writing at the same time as the submission of the Order (which in any event shall not exceed 2 Working Days) acknowledge receipt of the Order and either:
- (a) notify the Authority in writing and with detailed reasons that it is unable to fulfil the Order; or
 - (b) notify the Authority that it is able to fulfil the Order by responding to the email confirming acceptance of the Order and providing authorisation on

behalf of the Supplier by the relevant representative of the Supplier to do so.

4.11 If the Supplier:

- (a) notifies the Authority that it is unable to fulfil an Order; or
- (b) the time limit referred to in clause 4.10 has expired;

then the Order shall lapse and the Authority may then send that Order to another Supplier in accordance with the procedure set out in clause 4.2 or clause 4.3, respectively.

4.12 If the Supplier modifies or imposes conditions on the fulfilment of an Order, then the Authority may either:

- (a) reissue the Order incorporating the modifications or conditions subject always to clause 4.8; or
- (b) treat the Supplier's response as notification of its inability to fulfil the Order and the provisions of clause 4.11(a) shall apply.

4.13 In the event the Supplemental Tender for Competed Services includes both price and quality, the Order Email will set out the details accordingly.

4.14 The Parties acknowledge and agree that the placement of an Order is an "invitation to treat" in accordance with this clause 4 by the Authority. Accordingly, upon the Supplier confirming acceptance, this shall act as a signature, as well as constitute its offer to the Authority. The Authority accepting the receipt of the relevant Services under the Order shall act as a signature and be deemed acceptance of the Supplier's offer.

4.15 The Parties acknowledge and agree that upon the fulfilment of the requirements in clause 4.14, a binding Contract shall be created.

4.16 The Parties further acknowledge and agree that representatives of both Parties who send the relevant emails pursuant to clause 4.14, shall be deemed to have the relevant authority on behalf of the respective Party to enter into a Contract.

4.17 The date upon which the Contract shall take legal effect shall be the date upon which the Authority accepts Services pursuant to clause 4.14 of this Framework Agreement.

4.18 For the avoidance of doubt, a Contract may continue to run following the expiry of the Framework Agreement, subject to any termination provisions set out in this Framework Agreement and the Call-Off Terms and Conditions.

5. Contract performance and precedence of documents

- 5.1 The Supplier shall perform all Contracts entered into with the Authority in accordance with:
- (a) the requirements of this Framework Agreement; and
 - (b) the terms and conditions of the respective Contracts.
- 5.2 In the event of, and only to the extent of, any conflict or inconsistency between the terms and conditions of this Framework Agreement and the terms and conditions of a Contract, such conflict or inconsistency shall be resolved according to the following order of priority:

it having the intention or ability to give effect to the terms of this Framework Agreement.

- 17.8 Where the Supplier is registered on the Debarment List, the Authority will comply with the provisions in section 57 of the Procurement Act 2023, in relation to mandatory exclusions and discretionary exclusions. The Supplier may be able to submit a bid to be appointed to the next framework in the scheme of open frameworks.
