APPENDICES

Appendix A:	Scope of Works and Specification
Appendix B:	Form of Tender
Appendix C:	Warranty and Reference Information
Appendix D:	Draft Building Agreement

1. General Requirements

1.1 Project Overview

Castle Bromwich Parish Council is seeking a qualified and experienced contractor to design and install a new Outdoor Fitness Facility. This will be to replace the existing equipment, which is not at the end of its life and no longer fit for purpose.

The site is currently on a small concrete pad of approx. 32 sqm, plus a 2sqm connecting pathway to the main tarmac path which runs from the car park through the recreational field. The proposed footprint will be approx. 50sqm by expanding the surface, while utilizing the concrete surface as a base for new wetpour.

The primary goal is to create a facility that could be used for a wide range of ages and abilities, who will utilize the equipment over an extended period to ultimately improve their fitness and health. The site should be accessible to all users (of appropriate age) and include the relevant signage and QR codes to information that is simple and clear on use and benefits.

Yellow Line showing vehicle access to site. Green Line showing pedestrian access to site.

1.2 Quotations

- The Employer has a fixed budget as detailed in Appendix A. Submissions should utilize the full allocated budget, however, not exceed it. There is no scoring advantage in underutilizing the budget.
- All pricing should be exclusive of VAT and GBP (£).
- Pricing must remain valid for **90 days** from the date of the tender response deadline. If the quotation by the preferred supplier fluctuates after this 90-day period, the Employer has the right to re-start the process or enter into discussions with some or all suppliers who submitted a response.
- Prices will be fixed and firm for the duration of the contract.
- A Retention of 5% will be held for a period of 12 Months from the date of completion, at which point the Contractor must raise an invoice which will only be paid if there are no outstanding actions required by the Contractor that fall within the obligations relating to the retention.
- The site will not be accepted by The Employer if there are any findings on the Inspection Report that relate to 'non-compliance' of current BS EN standards, specifically BS EN 16330:2015 until findings are satisfactorily addressed and agreed to by either the inspector, qualified alternative or Employer.
- Payment (30-day invoice) on satisfactory completion of the Works unless otherwise agreed.

Note: If the prices of the preferred Contractor increase after the tender submission and prior to an order being placed, the Employer has the right to re-evaluate the submissions, or re-tender the project.

1.3 Non-Consideration of a Tender Response

The Employer has the right to refuse any or all submissions without tenderers being able to claim any compensation. All costs associated with the tender process and submission are the responsibility of the suppliers that have decided to participate.

The Employer may disallow a submission if the tenderer is not able to provide all the information required by the Employer to make a full evaluation, including any missing or inadequate drawings that are pertinent to the requirements. Additionally, disqualification may be a result of detrimental checks pertaining to the financial position of the supplier, quality of similar work or other related information that creates significant risk for the Employer.

Any offence or inappropriate actions by a supplier, including an offence under the Prevention of Corruption Act may result in disqualification. Anything other than 'appropriate' contact made to the individual named within this document for the purpose of clarifying the requirements or raising any questions pertaining to the tender may be considered a breach in the procurement process.

2. Contract Conditions

2.1 Works and Standards

The work is for the design, supply and installation of appropriate groundworks, surfacing, equipment and associated works which should comply with the appropriate British or European Standards, mainly BS EN 16630:2015.

If there is evidence that the work does not conform to the required standard and as a result the materials or workmanship are substandard, unsafe or require replacement or repair, this will be completed at the cost of the Principal Contractor.

The Principal Contractor must follow the legal duties of the Construction Design and Management Regulation (CDM) 2015 and will have the skills, knowledge and experience, and, if they are an organisation, the organisational capability, necessary to fulfil the role that they are appointed to undertake, in a manner that secures the health and safety of any person affected by the project.

The Employer delegates responsibility for the formal CDM roles of Principle Designer and Principal Contractor to the appointed contractor as set out in the Building Agreement.

2.2 Purchase Order and Contract Agreement

The successful contractor will enter into a Building Contract (Appendix D) with agreed terms and conditions, for both the *Employer* and the *Contractor* to jointly authorise, and the agreement will not be final until both parties have signed this contract. Suppliers should review this document prior to making their tender submission to ensure an understanding of the terms and conditions agreed upon, otherwise proposed adjustments should be stated in the tender return.

2.3 Insurance

Post award, the **successful** contractor must provide evidence of:

- | | |
|---|--------------------|
| ➤ Public Liability Insurance of no less than: | £10 Million |
| ➤ Product Liability Insurance of no less than: | £5 Million |
| ➤ Employers Liability Insurance of no less than: | £5 Million |
| ➤ Professional Indemnity Insurance of no less than: | £1 Million |

➤ All Works Insurance of no less than:

Contract Value

2.4 Contractor Documentation (Post Award)

The selected contractor will commit to periodic meetings on site during construction between agreed parties from both The Employer and The Contractor, until work is completed and handed over. The timing of the site visits will be agreed to before work commences. Prior to any site work commencing the contractor will provide a **Construction Phase Plan** which will include (but not limited to) the following:

- A Programme of Works with an expected commencement and completion dates (Gantt Chart format)
- Compound, Storage, Heras Fencing and Welfare details and drawings showing proposed location
- A Risk Assessment and Method Statement
- A Traffic Management Plan (TMP) including a vehicle access and movement policy
- An Organisational Chart outlining escalation contacts that are available to remedy any issues that arise during construction

3. Project Timetable

<i>Action:</i>	<i>Date:</i>
Tender Release Date:	31 st October 2025
Teams Call with Procurement Contact:	17 th – 21 st November 2025
<u>Tender Submissions Due:</u>	<u>16th January 2026</u>
Decision on Preferred Supplier/s:	February 2026
Revisions or amendments to design (if required):	February – March 2026
Building Agreements Signed:	March 2026
Works to Commence (subject to agreement between contractor and the Council):	June 2026

4. Scoring Criteria

4.1 Scoring Table

Criteria	Information	Weighting
4.1.1 Project Design:	Specifically scoring will be based on the perceived and calculated fitness outcomes and design of the facility including: 1. Primary Health and Fitness Benefits for a range of ages with evidence. This should be as Inclusive as possible for a range of abilities and as appropriate for the type of facility.	40%
	2. Design Layout with respect to positioning of equipment, surfacing, and overall Accessibility as appropriate for the type of facility.	20%
4.1.2 Technical and Specifications:	Specifically scoring will be based on the tender requirements compared to the submission in relation to: 1. Materials and specifications used for the fitness equipment, sub-base, surfacing and all associated works. 2. Details of the warranties included for all items and associated works: Appendix C. 3. Details of how the equipment design or materials mitigate any issues with maintenance or general use.	30%
4.1.3 Presentation. Quotation and Supporting Information:	Suppliers are to provide: 1. 1 x 3D visual in A1-A2 size for the hard copy (refer guidelines on design in Section 7.2). 2. 1 x CAD (1:100) or scaled Google Map of the design in A2 size for the hard copy or similar. Include a reference number for each item with a table listing the name/detail of each item of equipment and surfacing. (including quantities and colours). 3. An itemised and detailed quotation, ideally with a picture reference. A separate cost for the total quantity of surfacing and associated materials & works. (Advise the manufacturer of each product if they are not made by your organisation, including ancillary items and a link to the product data sheet or similar).	10%

4.2 Scoring Matrix

Scoring will be calculated using 0.5 units between 0-10 multiplied by the above weighting for each criterion.

9-10	Superior	Exceptional demonstration of the relevant ability, understanding, experience, skills, resources & quality measures required to meet the project's aims or requirements. Response highly relevant with comparable contract value.
7-8	Good	A comprehensive response submitted in terms of detail and relevance and clearly meets most of the project aims or requirement with no negative indications or inconsistencies.
5-6	Adequate	Reasonable achievement of the requirements specified in the tender offer & presentation for that criterion. Some errors, risks, weaknesses, or omissions, which can be corrected/overcome with minimum effort.
3-4	Below Expectations	Minimal achievement of the requirements specified in the tender offer & presentation for that criterion. Several errors, risks, weaknesses, or omissions, which are possible, but difficult to correct/overcome and make it acceptable.
0-2	Poor	Limited or no response provided, or a response that is inadequate, substantially irrelevant, inaccurate, or misleading.

5. Procurement Process

The Procurement Process will be conducted and in compliance with The Public Procurement Act 2023 and any updated guidance since. The objective is to be fair, transparent, and proportionate based on the type of project, and ultimately to select the Most Advantageous Tender.

If the number of submissions is considered too low, and the minimum brief of the responses is not met, the Employer has the right to dismiss these tenders and re-issue the documentation, or approach specific suppliers. Additionally, if the brief has or is close to being met, the Employer may make requests to identify any shortfalls or amend the proposed designs to meet the desired budget and overall objectives, even if only one submission was received.

5.1 Type of Procedure

The tender process will be an *Open Procedure, Single Stage Tender* (below threshold). Scoring and the selection of a preferred contractor will be based on the criteria outlined in this document and is considered a Works Contract.

5.2 Site Visit

Suppliers must visit the site at their own convenience to undertake the appropriate surveys and gather information relating to this project. There will be an opportunity for each supplier to have a **single** Teams Call (maximum 30 minutes) with the procurement contact at a mutually agreed time and date, to clarify any of the detail within the tender documentation. Only email queries will then be accepted.

5.3 Questions and Clarifications

Please note that any responses to queries or clarification requests will, subject to there being a confidentiality issue that cannot be resolved, be circulated to all bidders.

Suppliers are forbidden to approach any person/s outside of the named person (**Section 6**) within this document in relation to this tender and project, failing to do so may result in disqualification of the tender process.

5.4 Notice of Intent to Bid

Suppliers should notify the named contact a confirmation of your intent to provide a submission, and all questions relating to the tender will need to be made no later than the due date. Only one submission and one design will be accepted unless otherwise stated.

If a notification of your intent to provide a submission is not received, circulation of any questions or updates to the Tender Process may not be sent to your organisation, potentially missing relevant information and submitting an incomplete response.

5.5 Short Listing of preferred submissions

The Employer has the right to short list the submissions only in the unlikely event scoring in the initial stage is equal (highest) for two or more suppliers to warrant further discussions and checks. This may include (but not limited to) conducting:

- Supplier Presentations
- Reference & Financial Checks
- Public Consultation
- Additional Consultation within the Council or Third Parties

Short listing will not occur simply to reduce competition, as scoring using the criteria in this document will decide the preferred contractor.

5.6 Consultation or Public Engagement

The Employer reserves the right to a public consultation once a preferred design is selected. The purpose of any consultation will primarily be to update the community, allowing an opportunity to collect feedback which may contribute to any revisions. Guidance on how the consultation will be conducted and what information should be collected will be discussed between The Employer and any relevant third parties.

5.7 Revisions and Negotiation

If required, the Employer will engage with the preferred contractor to amend the design or negotiate any changes or costs associated with the submission, however, these will not be deemed 'substantial' changes to the original brief. These revisions will be discussed and agreed to before any agreement or purchase order is made final

and may result in an increase or decrease in the original budget without effecting the original brief and desired outcome of any significance.

5.8 Decision and Award of Contract

The Employer will be responsible for making the final decision of a Contractor based on the scoring criteria set out in the tender document.

5.9 Supplier Notification

All parties who have submitted a formal tender response will be notified of the outcome. The submissions received from each of the suppliers will not be disclosed to other parties and should not be requested by other parties. Only the **scoring** of the submissions based on the criteria will be provided via email, however if suppliers want additional details, this will need to be requested by the Employer. The preferred contractor will be advised either via email or on Contracts Finder when the Award Notice is issued. Verbal discussions will not be provided under any circumstances in relation to the results of the tender process.

6. Named Contact for Project

The Employer has appointed a procurement contact for the tender process. All contact should be with *Sports and Play Consulting Limited*.

Contact: Michael Carter
Mobile: 07777 516708
Email: Michael@sportsandplayconsulting.co.uk

7. Supplier Submission Checklist and Instructions

7.1 The Supplier Checklist

Ensure you have submitted the following information. If unsure of the format or detail, please request clarification with the procurement contact.

Response	Format
2. <u>Completed Copy of Appendix B:</u>	PDF or Word Labelled: <i>SupplierName-AppendixB</i>
3. <u>Completed Copy of Appendix C</u>	PDF or Word Labelled: <i>SupplierName-AppendixC</i>
4. <u>Response to 4.1.3 (Points 1-3):</u>	PDF or JPG Labelled: <i>SupplierName-3D</i> <i>SupplierName-CAD</i> <i>SupplierName-Quotation</i>

7.2 Design and Tender Instructions

3D Design (Points may be deducted for failing to follow these):

- No persons shown in the visuals.
- Equipment must be to scale of their actual size.
- Photos of the proposed equipment should be included around the border of the 3D visual or on a separate sheet, with various views of any proposed Calisthenics Frame to fully describe all specific components/features.
- Links to videos may be provided, such as YouTube, to show the features and use of equipment (links can be included in the quotation, however, do not provide a fly-through video of the design).

Do NOT include the following information for the initial tender response:

- TUV Certificates
- Construction Phase Plan
- Copies of Insurance Certificates
- Installation documents and drawings
- Trade Association or other member certificates
- Warranty Certificates or Health and Safety Policies

7.3 Submission Instructions

Both electronic **AND** hard copies are required by the due date and time with exceptions only given to hard copies arriving late for reasons outside of the suppliers' control such as 3rd party delivery companies being at fault.

Email/Electronic Copy to be sent to:

Via email or electronic transfer for all the above responses should be sent to Michael Carter, at: michael@sportsandplayconsulting.co.uk

Downloadable document links (such as via WeTransfer or similar) are acceptable with an extended expiry date of no less than 30 Days.

Hard copies to be sent to:

Castle Bromwich Parish Council
Arden Hall, Water Orton Road
Castle Bromwich B36 9PB

Attention: Gemma Burgess, Parish Clerk.

Please note - Tenders are NOT to be hand delivered by representatives of the supplier bidding and are to be sent in a plain envelope and/or tube (labelled as above).
