Geoff Chandler – Geoff.chandler@moxton-education.com

1. Public procurement is now governed by the Procurement Act 2023 and the Procurement Regulations 2024 to ensure that procurement delivers value for money, competition, transparency and integrity.
2. This Procurement Specific Questionnaire (PSQ) has been designed to help the contracting authority ensure that suppliers share the right information when participating in a procurement. This is separate from the formal tender submission (on how the supplier proposes to meet the tender requirements). The PSQ consists of three parts:
3. **Part 1 - confirmation of core supplier information:** suppliers participating in procurements will now be expected to register on a central digital platform (CDP). Suppliers can submit their core supplier information and, where a procurement opportunity arises, share this information with the contracting authority via the CDP. It is free to use and will mean suppliers should no longer have to re-enter this information for each public procurement but simply ensure it is up to date and subsequently shared. The CDP is available at <https://www.gov.uk/find-tender>. You will need to register for a Gov.uk One Login account to access this. Part 1 provides confirmation that suppliers have taken these steps.
4. **Part 2 - additional exclusions information:** procurement legislation provides for an 'exclusion regime' and a published 'debarment' list to safeguard procurement from suppliers who may pose a risk (for example, due to misconduct or poor performance). Suppliers must submit their own (and their connected persons¹) exclusions information via the CDP. This includes self-declarations as to whether any exclusion grounds apply to them and, if so, details about the event or conviction and what steps have been taken to prevent such circumstances from occurring again.
5. As part of a procurement, a supplier will need to also share additional exclusions information for any suppliers that they are relying on to meet the procurement's conditions of participation. These could either be consortium members or key sub-contractors (but excludes any guarantors). These suppliers are 'associated persons' and their exclusions

¹ Connected persons are persons who exercise (or have a right to exercise) significant influence or control over the supplier and those over which the supplier exercises (or has the right to exercise) significant influence or control. This includes majority shareholders, directors and shadow directors, parent and subsidiary companies and predecessor companies. The majority of the exclusion grounds state that they apply to the supplier or a connected person of the supplier.

information must be shared with the contracting authority. We recommend this is done by ensuring that your associated persons register, submit and share their information via the CDP (like the prime/main supplier).

6. In addition to the sub-contractors who are being relied on to meet the conditions of participation (who are associated persons), suppliers will need to share an exhaustive list of all their intended sub-contractors, which will be checked against the debarment list.
7. If a sub-contractor is not yet known at the start of the procurement (or brought in during it), this should be made clear by the supplier and relevant details of the sub-contractor should be provided once their identity and role is confirmed. This information should be shared with the contracting authority as soon as possible and at least by final tender stage.
8. **Part 3 - conditions of participation:** the contracting authority may set conditions of participation which a supplier must satisfy in order to be awarded a public contract. They can relate to the supplier's legal and financial capacity or their technical ability.
9. Some of the information requested in the PSQ will be for information purposes only. Other information will be assessed by the contracting authority. This might include a pass or fail mechanism, or a threshold which the supplier must meet. Under certain procurement processes, a contracting authority might use the information shared via the PSQ as part of a selection process to limit the number of participating suppliers. For example, inviting the five suppliers that submitted the highest scoring responses. Where this is the case, the contracting authority will outline the maximum number of suppliers, and the criteria used to select the limited number of suppliers, in their tender notice (section 20(4)(a) of the Procurement Act and regulation 19(2)(d) of the Procurement Regulations 2024).
10. Suppliers should note that the contracting authority has legislative duties to publish certain information which relate to the supplier in their contract award notices. This information includes, but is not limited to:
 - details of the winning supplier's associated persons
 - details of the winning supplier's connected person information
 - for certain procurements over £5 million, details of unsuccessful bidders
11. **Freedom of Information and Procurement Act 2023**
We have legal obligations under both the Freedom of Information Act 2000 and the Procurement Act 2023 (and all subsequent related Statutory Instruments and replacement legislation). Accordingly, any information submitted to us may need to be disclosed in accordance with these Acts (including for example, grounds for exclusion).

Notes for Completion

Should applicants have any questions regarding this pre-selection process or the information provided please submit them to Mr Geoff Chandler via e-mail, geoff.chandler@moxton-education.com and cc kmartin@advantageschools.co.uk or by telephone 07970661087. The closing date for applicants to submit questions is Midday on the 4th December 2025. The Trust will provide an electronic response to any questions by 5pm on the 8th December **or before**.

Completed Qualification Questionnaires, with all relevant additional information, must be submitted to the above addresses by **Midday on the 19th December 2025**. Submissions received after this date and time may not be accepted.

Please make sure that the subject line used in your submission email is exactly as follows, Moxton Education will send a confirmation email on receipt.

Advantage Schools – MSP PSQ Submission for [Company Name]

Suppliers are advised that failure to respond to all the questions within the PSQ and / or failure to submit any necessary supporting documents and / or failure of referees to respond to reference requests may render their submission non-compliant and as such they may not be considered for inclusion in the shortlist to continue to the next stage. Please ensure that you have pre-warned and obtained permission from your referees to be included and contacted.

The Contracting Authority will not contact Suppliers to provide missing information or corrections where there is an anomaly.

Background

The Trust website is: <https://www.advantageschools.co.uk>

Advantage Schools encompasses circa 6.540 pupils cross 10 sites. The Trust is a mix of Primary and Secondary settings and is the result of a merger in September 2024 of The Shared Learning Trust and Advantage Schools.

The Trust currently encompasses the following sites:

Name	Phase	Pupil Numbers	Original Trust
Elstow	Primary	418	Advantage Schools
Queens Park	Primary	449	Advantage Schools
Laburnum	Primary	194	Advantage Schools
Bedford Free	Secondary	525	Advantage Schools
Houstone	Secondary	657	Advantage Schools
Vale	Primary	563	Shared Learning
Linden	Primary	445	Shared Learning
Rushmere Park	Lower	204	Shared Learning
Stockwood	Secondary	1471	Shared Learning
Chalk Hills	Secondary	1614	Shared Learning

The vision of the Trust is to provide all children with the highest quality of teaching of an excellent academic curriculum, which enables them to become highly educated and to be full and active participants of society.

We do not make exceptions in our high aspirations. The merger of The Shared Learning Trust with Advantage Schools came about because the ten schools agree that:

- Every child should benefit from a broad, ambitious, knowledge-rich curriculum, taught by highly skilled teachers.
- Every school must have a well-designed and well-sequenced curriculum, which ensures children build knowledge in a broad range of subjects before going on to specialise after the age of 16.
- Every child must be taught this broad and ambitious curriculum in a school with high expectations and strong standards of behaviour.
- All children can and will benefit disproportionately from being taught in this family of schools.

Our Values are:

Educational Excellence

A proven educational model, renowned for transforming schools and delivering outstanding outcomes combines with significant operational strengths, setting a new standard for academic and operational excellence.

Financial Stability

Both ensure robust financial health, ensuring a sustainable future with enhanced educational offerings and operational efficiencies, enacting our responsibility to spend public money for the benefit of pupils.

Community Impact

United by a shared vision, our schools leverage combined strengths to deliver high-quality inclusive education, making significant contributions to local communities and the broader educational sector.

Our commitments to the communities we serve are:

Quality Education

The trust ensures all pupils achieve their fullest potential, supported by a strong school effectiveness team.

Innovative Solutions

By integrating best practices and resources, Advantage Schools strives to use innovative educational and operational strategies, fostering an environment of continuous improvement and excellence.

Stakeholder Engagement

Engaging with educators, parents, and communities, the trust maintains transparent communication and collaborative partnerships, ensuring all voices contribute to shaping a thriving educational future

Procurement

This procurement has been initiated due to the need to have a single ICT Service across the Trust. The current model is based on the legacy of having two Trusts. The Shared Learning Trust has 'out-sourced ICT' and Advantage Schools 'in-sourced ICT'.

The Trust is taking the opportunity to go to the market to identify the best innovative and forward-looking partner to support them in the delivery and development of their ICT provision over the next five years. The new service will be fully out-sourced and begin on the 27th July 2026

This procurement includes (but may not be limited to) the items listed below.

- A core managed service, management of all ICT against an agreed SLA
- 24 x 7 x 365 remote monitoring and management
- A Service Desk, available 50 weeks a year including out of hours access
- Local staffing which suppliers deem necessary to deliver the service and meet the SLA requirements – 50 weeks onsite in schools and the Head Office
- Strategic advice and direction to the Trust regarding ICT
- Responsibility for design, specification, installation, and management of all ICT infrastructure
- Supply of goods and services based on an agreed Best Value approach
- Management of 3rd parties where relevant to the ICT support
- Relevant monitoring, management, patching
- Regular performance reporting

- CPD and training – digital skills and curriculum as necessary
- There is an expectation that the provider will support and/or drive innovation
- Maintain technical documentation
- Maintain operational documentation, for example inventory management and risk registers
- Collective partnership targets aligned to the Trust objectives
- Suppliers may be required to deliver a range of technology and change management projects in addition to the providing the core managed service.

Suppliers should note the following:

- The Trust will provide a standard contract as part of the ITT Pack
- There will be a requirement for TUPE from existing supplier and the Trust.

The value of this procurement has been set with an upper limit of **£6.1m** over a maximum 60 month period.

To be clear, the upper limit noted above is a maximum value of the contract, not a budgetary figure. It includes

- The cost of the core managed service for the Trust
- An allowance for the life cycling of infrastructure and devices that may need replacing or lifecycling over the course of the contract
- An expectation of 30% growth in lifetime of the contract

In essence, this procurement is all about identifying a single supplier to provide a fully outsourced ICT managed service.

Further details regarding bid timescales are noted below but in terms of the managed service this is advertised as a 60 month contract with a maximum 5 year managed service with start and end dates as follows:

Service start date – 27th July 2026

Service end date – 26th July 2031

The Trust gives no guarantee of the volume of work to be awarded under the contract and reserves the right to carry out work in-house.

Conditions of Participation

The Trust will invite a minimum of the top 5 scoring suppliers to continue to the next stage. These shortlisted suppliers will be invited to participate in a group meeting and one-to-one meeting with the Trust to discuss the procurement and the Trust requirement, following which an ITT pack containing detailed requirements, a draft contract pack and other information will be provided.

Preference will be given to companies who can provide information in their responses about and references from organisations of a similar context and size to the Trust

These responses will be ranked by the Trust and a minimum of the top 5 companies shall form the basis of the shortlist of companies invited to tender for a 5-year Trust-wide Managed service, provided that they continue to express an interest to do so.

The objective of this PSQ process is to assess the responses to this questionnaire and select potential suppliers to proceed to the next stage of the procurement. Selection for inclusion in the next stage will be based on evaluation of the PSQ questions on the following criteria.

Technical capacity

- Evidence of at least 5 years' experience in the provision of Managed Services to the Schools Education sector along with appropriate in-house systems, technical capability, and key personnel with good technical knowledge. This includes evidence of ability to deliver to contract standards drawn from references.

Economic and financial standing

- Evidence of economic and financial standing in respect of viability to perform the services. Suppliers must be in a sound financial position and able to demonstrate appropriate financial capacity to perform the service to participate in a procurement of this size.

The Trust will apply the following financial test to a bidder's submission

- annual turnover must be at least (i.e. a total of £5m)

If a bidder does not meet this criterion, then (at the Trusts discretion) they may not be shortlisted for inclusion in the next stage.

Other criteria

- Suitable insurance cover. Public Liability to a minimum of £5,000,000 per occurrence, Employer's Liability to a minimum of £5,000,000. Professional Indemnity cover of at least £2,000,000 (or statements that these will be obtained if awarded the relevant contract(s)).
- A sound record of and clear policies of quality standards including, health & safety
- e-safety and equality policies are not required at this stage, but Suppliers may need to confirm they are available if chosen to be preferred bidder.

The Trust reserves the right not to select a potential contractor who has been assessed as having material weaknesses in one particular area covered by these initial selection questions, notwithstanding acceptable or even strong responses in all other areas.

The information supplied by applicants will first be checked for completeness and compliance with eligibility/exclusion requirements before responses are evaluated.

Evaluation Guide

The Trust reserves the right to reject/disqualify any application that is incomplete or non-compliant.

It is becoming common to get a large number of suppliers expressing interest by submitting a PSQ. As such, completeness and compliance will be strictly enforced, and any omissions or unclear answers are likely to result in exclusion. Suppliers will *not* be contacted for missing information.

Preliminary Questions

There must be answers for each question in the Preliminary Questions.

Part 1

There must be answers for each question in Part 1

Part 2

There must be answers for each question in Part 2

Part 3A

Question 13 is a pass/fail question and must be answered in the positive for a supplier to have a chance of being selected.

Question 14 is only needed if you are intending to use a guarantor. If this is the case, they must pass the same test detailed in Q13.

Questions 15-17 are pass/fail questions and must all be answered in the positive for a supplier to have a chance of being selected.

If a supplier successfully passes all the above evaluation conditions then they will be eligible for scoring. Scoring will be carried out as described below.

Relevant Experience & Contract Examples

For Question 18, suppliers should provide contract examples (references)

- Contracts should have been performed during the past five years or be currently ongoing.
- The named contact provided should be prepared to provide written evidence to confirm the accuracy of the information provided. Please ensure you have gained their approval to put their organisation and name forward and please ensure your referees are aware they will be contacted by us
- References may not be taken up at PSQ stage, but the authority reserves the right to contact references at a later stage before any Preferred Bidder decision is made.
- Please provide references which are as similar in nature to the service which is being procured by the Trust. Please also ensure references are obtained from distinct organisations, i.e., not from under the same umbrella.
- References will be given a score from 0 to 5 based on their context in comparison to the Trust i.e. References from organisations that are similar in size and makeup to the Trust will score higher than those that are different

Initial suitability of reference score:

Reference Organisation	Score
Trust of a similar type, makeup & size	5
Other Trust	4
School	3
Edu/not primary or sec	1
Commercial	0

Worded responses (Questions 19a – 19e)

Each of these questions has a limit of 500 words. Images may NOT be used as part of the answer.

Please do not exceed the 500 word per section word limit – any answer exceeding 500 words or using images will be treated as non-compliant and will score 0.

The following scoring is applied for each question in this section:

	Score	Summary	Interpretation
Excellent	10	Very strong evidence of appropriate knowledge, skills or experience. Have confidence in their ability to deliver the required service but also add significant value.	Demonstrate a deep understanding of the requirement. All experience offered is detailed and linked directly to service requirements and show how they will be delivered and the impact that they will have on other areas/stakeholders. Relevant examples and/or case studies from organisations similar to the Trust are provided to support the answer.
Good	8	Sufficient evidence provided of appropriate knowledge, skills or experience. Have confidence in their ability to deliver the required service	Demonstrate a good understanding of the requirement. Experience will have been provided to show not only what will be provided but will give some detail of how this will be achieved. Reference has been made to case studies, though they may not be similar organisation to the Trust
Acceptable	6	Reasonable evidence of appropriate knowledge, skills or experience. Demonstrates experience in many areas but not all.	Demonstrate a good understanding of the requirement but will lack some clarity or detail in how the proposed solutions will be achieved. Evidence provided, while giving generic or general statements, is not specifically directed toward the aims/objectives of this answer
Minor Reservation	4	Some evidence of appropriate knowledge, skills or experience. Demonstrates experience in many	Will reflect that the bidder has not provided sufficient evidence to demonstrate they have experience in this area. Answers will in parts be sketchy with little or no detail given of how they have experience in this area. Evidence provided

		areas but with important omissions	is considered weak or inappropriate and is unclear on how this relates to the question.
Serious Reservations	2	Very little evidence of appropriate knowledge skills or experience	Will reflect that there are major weaknesses or gaps in the information provided. The bidder displays poor understanding and there are major doubts about fitness for purpose.
Unacceptable	0	No evidence/response	Will result if no response is given and/or if the response is not acceptable and/or does not cover the required criteria.

Summary of Scoring Guide

Maximum score overall = 65

All scores indicated are for guidance purposes.

Evaluators will be free to apply intermediate scoring for any of the evaluation criteria

For the avoidance of doubt, Questions 20 and 21 are not scored.

Technical ability

18. **Relevant experience and contract examples**

Please provide details of three contracts to meet conditions of participation relating to technical ability set out in the relevant notice or procurement documents.

The examples must be from the past three years and should be from similar organisations to the contacting authority. (Please refer to the guidance notes above)

The named contact provided should be prepared to provide written evidence to confirm the accuracy of the information provided.

For consortium bids, or where you have indicated that you are relying on an associated person to meet the technical ability, you should provide relevant examples of where the associated person has delivered similar requirements. If this is not possible (e.g. the consortium is newly formed, or a special purpose vehicle is to be created for this contract) then three separate examples should be provided between the principal member(s) of the proposed consortium or members of the special purpose vehicle or sub-contractors (three examples are not required from each member).

If you cannot provide at least one example of previous contracts, please provide an explanation for this and how you meet the conditions of participation relating to technical ability.
