SECTION 2 – OVERVIEW OF THE COUNCIL’S REQUIREMENTS

Key Information

- 2.1 The Council invites response to this Invitation to Tender (ITT) from suitably qualified suppliers (“Suppliers”) for the design and build of the Visit Newquay website. The Visit Newquay website is the official tourism platform operated by Newquay Town Council (NTC) and plays a pivotal role in promoting the town as a visitor destination. It supports a wide audience including tourists, residents, local businesses, and other stakeholders by offering searchable listings, events, editorial content, guides, and travel information.

The existing platform has been in place since 2015 and provides a Destination Management System (DMS) that enables back-end control of tourism products, business entries, and local seasonal events.

In late 2024 the Council commissioned a review of the site to assess the websites structure, usability, functionality and development potential given the issues that were being found around the Industry standards in mobile usability, search engine optimisation (SEO), accessibility (WCAG compliance), and user engagement tools as all of the ears have evolved significantly since the site’s launch, and although upgrades have been carried out these are limited with the existing site.

And although the website remains functionally adequate, it does require modernisation to comply with relevant regulations and to ensure it remains at the forefront of providing a service the numerous users, to be compliant with industry standards.

- 2.2 The Key findings of the review included:

- **Overall Performance:** The current system was found to be satisfactory in its core performance and internal usability.
- **Mobile Experience:** Google Lighthouse audits identified significant performance issues on mobile devices, affecting page load times and responsiveness. These issues must be addressed to improve the user experience across platforms.

This evaluation reinforced the value of the existing system while highlighting specific areas that must be enhanced through a structured rebuild and the modernisation process. These improvements have been included within the full details of the specification.

Website Performance Statistics

Despite its age, the Visit Newquay website continues to receive strong and consistent traffic, demonstrating its value to the local tourism economy:

- Over 350,000 unique users annually
- 40,000+ visitors during peak months (July–August)
- Average of 3.8 pages per session
- Bounce rate of approximately 38%

These performance metrics underline the importance of sustaining and improving the platform through a strategic rebuild.

- 2.3 Full details around the Tender can be found in the accompanying documentation, in particular:
- 2.2.1 Volume 2 – Response Document (Tender)
 - 2.2.2 Schedule 1 – Price Schedule
 - 2.2.3 Appendix 1 – Specification
- 2.4 This tender is an opportunity to submit a fixed price tender for the specified Services.

Budget and Contract details

- 2.5 The estimated overall maximum budget for the tender is £71,000 for the build plus 3 years' support and 3 years' website annuals. (exc. VAT).
- 2.6 The Council accepts that Contract will likely be under the Supplier's Terms and Conditions however as part of the Pass / Fail Criteria the Council will assess the appropriateness and compatibility of those Terms and Conditions.
- 2.7 The Contract period is for 3 years, with possible extension.

Insurance Levels

- 2.8 The Council's minimum requirements for insurance (Minimum Cover for each and every incident) are:
- 2.7.1 Employer's Liability (minimum statutory limit as laid down by legislation) = £5m.
 - 2.7.2 Public Liability Insurance = £10m
 - 2.7.3 Professional Indemnity Insurance = £2m

- 2.9 It is the responsibility of the Supplier to consider whether or not TUPE is likely to apply in the particular circumstances of this tender exercise and to act accordingly. Suppliers should therefore take their own advice regarding the likelihood of TUPE applying.
- 2.10 In this case the Council believes that TUPE does not apply to this tender

SCORING MATRIX FOR QUALITY CRITERIA		
Score	Assessment	Definition
5	Excellent	An excellent response submitted in terms of detail and relevance which clearly fully meets or meets the vast majority the requirements with no negative implications and evidence in

		their ability and / or proposed methodology to deliver a solution. Excellent evidence has been provided to show not only what will be delivered but will give comprehensive detail of how this will be achieved. The response will have made clear how their proposal relates directly to the requirements and is specific, rather than general, in the way proposed solutions will deliver the desired outcomes.
4	Good	A good response submitted in terms of detail and relevance that meets the requirements without significant negative implications or inconsistencies. The Supplier demonstrates the understanding of the requirement and evidence of their ability and / or proposed methodology to deliver the requirements. Good evidence has been provided to show not only what will be delivered but will give relevant detail of how this will be achieved. The response will have made clear how the proposal relates directly to the requirements and is specific, rather than general, in the way proposed solutions will deliver the desired outcomes.
3	Satisfactory	A satisfactory response submitted in terms of the level of detail, accuracy, relevance and evidence in their ability and / or proposed methodology to deliver the requirements. Aspects of the response may be satisfactory but there are some omissions of important factors or negative indications that reduce the extent to which the requirements will be met. There is a lack of some clarity or detail in how the required outcomes will be achieved. Evidence is provided but may be generic in parts and is not specifically directed toward the desired outcomes.
2	Reservations	The response meets some of the requirement but there are clearly reservations, either in understanding the requirement, and / or details around proposed methodology, and / or limited evidence to support the response. There would be concerns that the approach would require intervention or create ongoing issues in delivery of the requirements. Not sufficient evidence has been provided to suggest how the requirements will be met. Parts of the response is vague with little or no detail and evidence given on how to meet requirements. Evidence provided is considered weak or is unclear on how this relates to the requirements.
1	Serious reservations	Limited response provided, or a response that is inadequate, inaccurate and / or only partially addresses the question. Serious reservations of the response provided, either in understanding the requirement, and / or details around proposed methodology, and / or little evidence to support the response. This includes major weaknesses or gaps in the information provided. The response displays a poor understanding of the

		requirement and there are major doubts around the ability to deliver the requirements. The whole response is vague with little or no detail given of how to meet the requirements. Evidence provided is considered inappropriate or has a lack of clarity on how it relates to the requirements.
0	Unacceptable	The response is unacceptable and does not comply with the requirements. Insufficient or no information provided to demonstrate that the requirement is understood and no relevant evidence to support the response. No response to the question or a response that is significantly irrelevant or inaccurate.

Commercial / Price Assessment

- 3.27 The Pricing Document contains the details and requirements relating to the price element of this Tender. This may include, but is not limited to, the inclusion of specific instructions, documents, templates, pricing structures, etc for the Supplier's to return as part of their response.
- 3.28 Price shall be evaluated using the following scoring methodology, with the Tenderer's prices being scored on a comparative basis. For example:
- 3.29 This will be done by recording the lowest price submitted by any of the Tenderers, then for each Tenderer, dividing this lowest price by the Tenderers' price and then multiplying it by the allocated weighting. The equation set out below explains this in a simpler way:
- 3.30 $(\text{Lowest Price} \div \text{Tenderer's price}) \times \text{Weighting} = \text{Score}$
- 3.31 To accompany the above, there is a worked example below to help explain this. The example assumes only 3 prices were submitted and that price was awarded 60% of the overall marks (i.e. quality 40%). Figures shown are purely illustrative:

	L	W	Tenderer 1		Tenderer 2		Tenderer 3	
Assessment Elements	Lowest Submitted price (£)	Sub Weighting %	Tendered Price	Score (%)	Tendered Price	Score (%)	Tendered Price	Score (%)
Total Contract Sum	£65,000	60	£75,000	52.00	£65,000	60.00	£85,000	45.88
Price Score (%)		60		52.00		60.00		45.88

- 3.32 These scores would be added to the quality scores for the individual suppliers in this example Tenderer 1 being the preferred supplier to be awarded the contract.

	Sub Weighting	Tenderer 1	Tenderer 2	Tenderer 3
--	----------------------	-------------------	-------------------	-------------------

	%			
Price score	60	52.00	60.00	45.88
Quality	40	38.00	27.00	38.00
TOTALS	100	90.00	87.00	83.00
