

Questions Asked By Suppliers

Please see below questions asked by potential suppliers in relation to the Tender.

Q – Would you like the B branding/logo in a blue colour, so it stands out more than the white? As the play lines will also be of white colour.

A – The plan is to have it white so that the circle around the outside does look like the centre circle and fits in with the lines.

Q – Will Labosport be testing the facility on completion to certify its compliance to FIFA standards?

A – Labosport will undertake performance testing of the area on completion, to ensure conformity to the relevant FA performance standards which in the case of a facility of this size will be the football requirements of EN15330.
